And this is what

Hey. I'm Emely Wensky. I'm a graphic designer and conceptual thinker working in the field of Branding, UI/UX and Art Direction. I've originally graduated from a Fashion Design Course at AMD Berlin which significantly shaped my perspective in Art Direction and Concept Creation. Having worked as a Brand- and Webdesigner at the Berlin-based agency MoreSleep I have an all round approach towards design. Aside from that I thrive in collaborative team environments and approach my work with a proactive, hands-on ethic.
